Research Assignment

Inventors and Their Inventions

Your assignment is to research an inventor. Include the following topics in your two page, typed report. It will be part of our *Living Invention Convention*.

1. Name of the inventor.
2. Diagram of an invention developed by this inventor.
3. Background information on the inventor.
 - a. Where and when their you born?
 - b. Who were their parents?
 - c. Do they have any siblings?
 - d. What are their special interests/hobbies?
 - e. Where did they go to school?
 - f. Did they marry and have a family?
 - g. What were some of their goals and accomplishments?
 - h. How long did they live?
 - i. You may add any other information you find important.
4. How and why the invention you illustrated in #2 came about.
5. Did any earlier inventions influence the inventor and this invention?
6. What difference did this invention make in the world?
7. What are the sources you used to find your information?
